EMERGENCY MEDICINE 1995 INDEX

INDEX 1995

Key to issues and dates in Volume 26

In entries, **boldface** numbers refer to issue and lightface to pages in that issue.

Issue No.	Date				
1	JANUARY	5	MAY	9	SEPTEMBER
2	FEBRUARY	6	JUNE	10	OCTOBER
3	MARCH	7	JULY	11	NOVEMBER
4	APRIL	8	AUGUST	12	DECEMBER

Note: This year's index reflects a change in format. Rather than listing individual articles in strict alphabetical order, we have grouped them under an appropriate category. We hope that you will find this a convenient way of locating review articles and departments. Should you wish to peruse an article in the index, but do not have access to the issue in which it appeared, we will be happy to send you a copy of the article.

The Editors

A-C

ALLERGIC DISORDERS

Anaphylaxis
Managing the patient with
Mechanisms and manifestations of (part 1 of 2), **2:**68
Therapeutic strategies for (part 2 of 2), **3:**20

CARDIOVASCULAR DISORDERS

Aneurysm
Abdominal aortic
Carotid stenosis as marker for, **3:**73
Ruptured, diagnosis of, **3:**41

Angiography
Carotid, use of noninvasive screening tests prior to, **12:**47

Angioplasty
Primary, vs thrombolysis for reperfusion after MI, **10:**18

Aortic rupture
Transesophageal echocardiography as alternative to angiography for detection of, **9:**82

Arrhythmias
Rapidly changing, as indication of subarachnoid hemorrhage, **4:**36
Update on use of lidocaine for, **12:**31

Cardiac care units
Guidelines for discharging patients from, **2:**116

Cardiac laceration
Undetected, **2:**43

Chest pain
Differential diagnosis of
Noncardiac causes (part 1 of 2), **9:**14
Myocardial infarction (part 2 of 2), **9:**51
Unstable angina, diagnosis and management of, **10:**72

Coronary disease
Waist circumference as marker for, **5:**94

Endarterectomy
Carotid, use of noninvasive screening tests before, **12:**47

Endocarditis
Bacterial, diagnosis of in the ED, **12:**46
Infectious, diagnosis and management of, **8:**85

Heart block
Misplaced tip of temporary pacemaker for, **12:**87

Hypertension
Effect of pseudoephedrine on, **9:**73
Hypokalemia in patients with, **6:**18
Renovascular, diagnosis and management of, **3:**49
Risk of cardiac arrest with thiazide for, **3:**61

Hypotension
Overdose, as cause of, **6:**61

Left ventricular hypertrophy
Risk of stroke and transient ischemic attack from, 5:31

Myocardial infarction
Depression and risk of death after, **9:**64
Diagnosis of, **9:**51
Non–Q-wave, acute, options for management of, **4:**53
Pharmacologic agents for treatment of, **12:**73
Primary angioplasty vs thrombolysis for reperfusion after, **10:**18
Thrombolysis for, **2:**44

Pacemaker
Misplaced tip of temporary, **12:**87

Shock
Cardiogenic, as complication of MI in a community hospital, 1:43

Stenosis
Carotid, as marker for abdominal aortic aneurysm, **3:**73

Thrombolysis
Late, effect of on mortality after acute MI, **5:**43
Vs primary angiography for reperfusion after MI, **10:**18
30-minute goal in thrombolysis, **2:**44

CEREBROVASCULAR DISORDERS

Stroke
Increased left ventricular mass and risk of, **5:**31

Subarachnoid hemorrhage
ECG, indications of, **4:**36

Transient ischemic attacks
Increased left ventricular mass and risk of, **5:**31

COLLAGEN VASCULAR DISORDERS

Giant cell arteritis
Failure to detect, **4:**60

CYTOLOGY

Bethesda system
Demystifying the protocol, **5:**83

D

DERMATOLOGY

Balanitis xerotica obliterans
Diagnosis and management of, **7:**49

Burns
Lightning and electrical injuries from, **10:**48

Candidiasis
Oral, diagnosis and management of, **10:**37

Dermatitis
Atopic, diagnosis and management of, **9:**37
Monilial diaper, diagnosis and management of, **1:**35

Eczema
Diagnosis and management of, **2:**55

Hemangioma
Cavernous, buccal, diagnosis and management of, **10:**37

Ichthyosis vulgaris
Diagnosis and management of, **9:**37

Lasers
Dermatologic applications of, **1:**18

Livedo reticularis
Diagnosis and management of, **5:**27

Onychomycosis
Update on treatment of, **11:**14

Pyogenic granuloma
Diagnosis and management of, **11:**33

Ulcers
Pressure, risk factors for, **10:**40

Urticaria
Diagnosis and management of, **1:**35

UMI

SHOULD READ INDEX VOLUME 27

INDEX 1995

Vitiligo
Diagnosis and management of, **7:**49

DIAGNOSTIC TESTS AND PROCEDURES
Angiography
Vs transesophageal echocardiography for detecting aortic rupture, **9:**82
Bethesda system
Demystifying the protocol, **5:**83
Cholecystosonography
For asymptomatic gallstones during routine obstetric examination, **6:**39
Colposcopy
Vs Pap smear for follow-up of cervical intraepithelial dysplasia, **9:**67
Computed tomography
Criteria for use of in mild head injury, **12:**44
Need for in atypical postconcussion syndrome, **2:**97
Echocardiography
Transesophageal, vs angiography for detecting aortic rupture, **9:**82
PAP smear
Vs colposcopy for follow-up of cervical intraepithelial dysplasia, **9:**67
Pulse oximetry
Routine, for identifying children with hypoxemia, **8:**51
When to confirm accuracy of, **1:**76
Serum amylase
To screen for pancreatic injury in children, **2:**59

E-G

ENDOCRINE DISORDERS
Adenoma
Parathyroid, as cause of hyperparathyroidism, preoperative imaging for, **11:**60

FEVER
Of unknown origin
As indication of underlying disease in elderly patients, **1:**78

GASTROENTEROLOGY
Abdominal pain
In children, diagnostic challenge of, **8:**52
Appendicitis
Laparoscopy vs open surgery for, **3:**62
Misdiagnosed in the ED, **8:**91
Colitis
Ulcerative, risk of cancer in, **11:**63
Feeding tube
Distal end of overlooked in stomach, **3:**103
Gastrointestinal hemorrhage
Failure to detect, **2:**43
Volvulus
Sigmoid, x-ray diagnosis of, **2:**129

GENITOURINARY DISORDERS
Balanitis xerotica obliterans
Diagnosis and management of, **7:**49
Benign prostatic hyperplasia
Management strategies for, **7:**20
Kidney disease
Risk of, from OTC analgesics, **9:**49
Prostatic carcinoma
Detection and management of, **7:**20
Pyelonephritis
Hospitalization after change in antibiotics for, **6:**30
Vitiligo
Diagnosis and management of, **7:**49

GERONTOLOGY
Fever
Of unknown origin, as indication of underlying disease in elderly patients, **1:**78
Hepatic abscess
Diagnosis and management of, **9:**85
Hypoalbuminemia
As marker for mortality risk in elderly people, **8:**45
Trauma
Evaluation and management of, **5:**44

H-I

HEMATOLOGY
Hematologic emergencies
Diagnosis and management of, **12:**48
Sickle cell disease
Multiorgan failure syndrome in, **6:**71

HEPATIC AND BILIARY DISORDERS
Cholelithiasis
Risk factors for, **9:**81
Gallstones
Asymptomatic, cholecystosonography for during routine obstetric screening, **6:**39
Hepatic abscess
Diagnosis and management of, **9:**85

IMMUNOLOGY
Anaphylaxis
Managing the patient with
Mechanisms and manifestations of, (part 1 of 2), **2:**68
Therapeutic strategies for, (part 2 of 2), **3:**20
Vaccination
Pediatric, as risk for bacteremia, **1:**75

INFECTIOUS DISEASES
Abscess
Retropharyngeal, x-ray diagnosis of, **11:**93
Bacteremia
Pediatric vaccination as risk factor for, **1:**75
Bronchitis
Acute, aerosolized albuterol vs antibiotics for, **12:**71
Chlamydia infections
Amoxicillin for during pregnancy, **3:**93
***Chlamydia trachomatis* infections**
Recurrent, in adolescent women, **3:**77
***Clostridium difficile*–associated disease**
A new approach for elimination of, **5:**32
Ehrlichiosis
Tick-borne, diagnosis and management of, **5:**16
Endocarditis
Infectious, diagnosis and management of, **8:**85
Fever
Of unknown origin, as indication of underlying disease in elderly patients, **1:**78
Herpes zoster ophthalmicus
Diagnosis and management of, **3:**38
HIV and AIDS
Acyclovir for, **3:**69
Clarithromycin for *Mycobacterium avium* complex in, **5:**66
Managing medical emergencies in, **4:**18
Trimethoprim-sulfamethoxazole prophylaxis against *Pneumocystis carinii* in, **1:**72
Human papillomavirus infection
Risk of in adolescent girls, **5:**34
***Mycobacterium avium* complex**
In AIDS patients, **5:**66
Pneumococcal meningitis
In adult with otitis media, **4:**65
Pneumonia
Community-acquired, **3:**79
COPD-associated *Moraxella catarrhalis*, diagnosis and management of, **6:**69
Pneumocystis carinii, trimethoprim-sulfamethoxazole as prophylaxis for, **1:**72
Pyelonephritis
Hospitalization after change in antibiotics for, **6:**30
Roseola infantum
Differential diagnosis of, **7:**87
Streptococcus
Group A beta-hemolytic, failure to detect, **3:**74

INDEX 1995

Tuberculosis
Multidrug-resistant, diagnosis and treatment of (part 2 of 2), **2:**99
Overlooked in terminal cancer patient, **5:**65
Vaginosis
Bacterial, intravaginal metronidazole for, **2:**63

INGESTIONS
Aspirin overdose
Insufficient monitoring of in ED, **9:**44
Beta blocker
Delayed toxicity from overdose of, **8:**92
Facial depilatory
Hypokalemia from, **12:**78
Gastrointestinal tract
Whole-bowel irrigation for removal of foreign bodies from, **4:**57
Pediatric
Metal detectors as screening device in, **4:**58
Thyroid hormone
Risk of toxicity from, **12:**61

M-O

MEDICOLEGAL ISSUES
Malpractice litigation
Who will sue?, **6:**68

METABOLIC DISORDERS
Hypokalemia
From ingestion of facial depilatory, **12:**78
In hypertensive patients, **6:**18

MUSCULOSKELETAL DISORDERS
Dysplasia
Fibrous, diagnosis and management of, **11:**33
Low back pain
Acute, diagnosis and management of, **11:**38
Rhabdomyolysis
Exercise-induced, **1:**31

NEUROLOGY
Cerebral ischemia
TIA as indication of (letter), **2:**8
Epidural abscess
Failure to detect (letter), **3:**6
Epilepsy
Risk of relapse after stopping medication for, **7:**91
Headache
Cluster, diagnosis and management of, **1:**45
Migraine, diagnosis and management of, **1:**45; **5:**6 (correction)
Reversed eyeglass lenses as cause of, **10:**66
Low back pain
Acute, diagnosis and management of, **11:**38
Pain
Back, and FUO as indications of underlying disease in elderly patients, **1:**78
Back, strategies for, **11:**38
Stroke
Increased left ventricular mass and risk of, **5:**31

NEUROMUSCULAR DISORDERS
Myasthenic crisis
Recognition and management of, **9:**74
Weakness
Diagnosis and management of, **8:**22

OBSTETRICS AND GYNECOLOGY
Bethesda system
Demystifying the protocol, **5:**83
Cervical intraepithelial neoplasia
Mild, Pap smear vs colposcopy for follow-up of, **9:**67
Ectopic pregnancy
Medical therapy vs surgery for, **9:**41
Gallstones
Asymptomatic, screening for during routine obstetric examination, **6:**39
Hematocolpos
Overlooked in adolescent girl, **5:**65
Ovarian torsion
Misdiagnosed, **10:**66
Pregnancy
Ectopic, incomplete, **1:**30

ONCOLOGY
Bethesda system
Demystifying the protocol, **5:**83
Colorectal cancer
Aspirin as possible prophylaxis for, **4:**61
Screening for, **5:**77
Leukemia
Myeloblastic, failure to detect, **1:**30
Neoplasm
FUO as indication of in elderly patients, **1:**78
Orbital metastatic carcinoma
Diagnosis and management of, **3:**38
Polyps
Antrochoanal, diagnosis and management of, **4:**34
Prostatic carcinoma
Detection and management of, **7:**20
Prostatic tumor
Management of, (letter), **5:**6
Tonsilar carcinoma
Diagnosis of, **4:**34

OPHTHALMOLOGY
Blurred vision
Reversed eyeglass lenses as cause of, **10:**66
Herpes zoster ophthalmicus
Diagnosis and management of, **3:**38
Orbital metastatic carcinoma
Diagnosis and management of, **3:**38

ORTHOPEDICS
Dislocated clavicle
X-ray diagnosis of, **5:**101
Femoral fracture
Overlooked on x-ray, **4:**60
Low back pain
In children and adolescents, **6:**62
Strategies for, **11:**38
Odontoid process
X-ray diagnosis of fracture of, **8:**101
Osteochondrosis
Perthes' disease, x-ray diagnosis of, **1:**91
Osteoporosis
Pharmacologic supplements and milk as treatment for, **1:**39
Peroneal nerve
Injury to, failure to detect, **3:**74
Sprain
Hyperflexion, x-ray diagnosis of, **10:**85
Wrist injuries
Diagnosis and management of, **6:**42; **8:**11 (correction)

OTORHINOLARYNGOLOGY
Barotrauma
Prophylactic use of pseudoephedrine for, **2:**64
Cerumen removal
Improper use of triethanolamine polypeptide oleate-condensate in the ED, **9:**44
Furunculosis
Nasal, diagnosis and management of, **6:**33
Otitis media
IRED tympanic thermometry in diagnosis of, **11:**26
Polyps
Nasal, diagnosis and management of, **6:**33

P-R

PEDIATRICS
Abdominal pain
Diagnostic challenge of, **8:**52
Analgesics
Choice of, **11:**67
Craniosynostosis
Diagnosis and management of, **2:**55

INDEX 1995

Dermatitis
Monilial diaper, diagnosis and management of, **1:**35
Facial and scalp lacerations
LET as alternative to TAC for anesthesia in treatment of, **7:**46
Foreign-body ingestion
Insufficient testing for, **11:**59
Metal detectors as screening device for, **4:**58
Hypoxemia
Pulse oximetry for detection of, **8:**51
Near-drowning
As indication of abuse, **10:**43
Osteochondrosis
Perthes' disease, x-ray diagnosis of, **1:**91
Otitis media
IRED tympanic thermometry in diagnosis of, **11:**26
Pseudocrystals
Diagnostic recognition of, **8:**41
Pulse oximetry
Routine, for identifying children with hypoxemia, **8:**51
Roseola infantum
Differential diagnosis of, **7:**87
Sedatives
Choice of, **11:**67
Serum amylase tests
To screen for pancreatic injury, **2:**59
Thyroid hormone
Risk of toxicity from ingestion of, **12:**61
Urate precipitation
Diagnosis and management of, **8:**41
Urticaria
Diagnosis and management of, **1:**35
Vaccination
As risk factor for bacteremia, **1:**75
Wheezing
In infants, as prognosticator for asthma, **10:**39

PHARMACOLOGY
Acyclovir
For HIV infection, **3:**69
Albuterol
Aerosolized, vs antibiotics for acute bronchitis, **12:**71
Amoxicillin
For *Chlamydia* infections during pregnancy, **3:**93
Analgesics
For infants and children, **11:**67
OTC, nephrotoxic risk of, **9:**49
Anesthetics
Topical, LET as alternative to TAC for facial and scalp lacerations in children, **7:**46
Clarithromycin
For *Mycobacterium avium* complex in AIDS patients, **5:**66
Drug interaction
As questionable cause of cardiopulmonary arrest, **11:**59
Illicit drugs
Update of use of, **7:**56
Lidocaine
For arrhythmias, update on use of, **12:**31
Metronidazole
Intravaginal, for bacterial vaginosis, **2:**63
Myocardial infarction
Pharmacologic agents for treatment of, **12:**73
Pseudoephedrine
As prophylaxis for barotrauma, **2:**64
Hypertensive effects of, **9:**73
Sedatives
For infants and children, **11:**67
Theophylline
Complications in acute and chronic overdose of, **1:**68
Thiazide
For hypertension, risk of cardiac arrest from, **3:**61
Trimethoprim-sulfamethoxazole
As prophylaxis for *Pneumocystis carinii*, **1:**72

PSYCHIATRY
Drug abuse
Update of current illicit drugs, **7:**56

PULMONARY DISORDERS
Bronchitis
Acute, aerosolized albuterol vs antibiotics for, **12:**71
Risk of, in home nebulization, **7:**53
Dyspnea
Comprehensive cardiopulmonary exercise testing for diagnosis of, **3:**47
Embolism
Angiography vs ventilation-perfusion scan in diagnosis of, **7:**55
Failure to diagnose in ED, **7:**90
Empyema
Thoracic, from *Streptococcus pyogenes*, diagnosis and management of, **8:**79
Hemoptysis
Diagnosis and management of, **5:**39
Hypersensitivity pneumonitis
Diagnosis and management of, **4:**39
Hypoxemia
Identifying in children, **8:**51
When to confirm pulse oximetry readings in, **1:**76
Interstitial pulmonary edema
X-ray diagnosis of, **4:**75
Pneumomediastinum
Spontaneous, x-ray diagnosis of, **7:**101
Pneumonia
Community-acquired, **3:**79
COPD-associated *Moraxella catarrhalis*, diagnosis and management of, **6:**69
Pneumocystis carinii, trimethoprim-sulfamethoxazole as prophylaxis for, **1:**72
Pneumothorax
Diagnosis and management of, **12:**62
Pulmonary infarction
Misplaced catheter as cause of, **9:**95
Pulse oximetry
Routine, for identifying children with hypoxemia, **8:**51
When to confirm accuracy of, **1:**76
Sarcoidosis
Diagnosis and management of, **7:**77
Stenosis
Tracheal, causes, diagnosis, and management of, **2:**85
Wheezing
In infants, as prognosticator for asthma, **10:**39

RHEUMATOLOGY
Sarcoidosis
Diagnosis and management of, **7:**77
Vasculitis
Diagnosis and management of, **2:**22

S-Z

SPORTS MEDICINE
In-line skating
Injuries from, **6:**37
Low back pain
In children and adolescents, **6:**62

SURGERY
Appendectomy
Laparoscopy vs open surgery for, **3:**62
Breast implantation
Acute chest pain after, **5:**78
Craniosynostosis
Diagnosis and management of, **2:**55
Spleen
Ruptured, failure to detect, **1:**30
Vascular
Catheter tip misplaced before, **6:**83

TOXICOLOGY
Benzyl alcohol
Toxic effects of, in home nebulization, **7:**53
Beta blocker overdose
Delayed toxicity from, **8:**92
Carbon monoxide poisoning
Failure to detect in the ED, **8:**91
Hydrogen sulfide toxicity
Differential diagnosis and treatment of, **7:**45
Hypokalemia
From ingestion of facial depilatory, **12:**78
Mushroom poisoning
Diagnosis and management of, **6:**66
Snakebite
Alternative treatment for, **10:**67

INDEX 1995

TRAUMA
Barotrauma
Prophylactic use of pseudoephedrine for, **2:**64
Chilblain
Diagnosis and management of, **5:**27
Dog bites
Antibiotics after, **4:**67
Electrical injuries
Evaluation and treatment of, **10:**48
Geriatric
Evaluation and management of, **5:**44
Head injury
Mild, criteria for computed tomography in, **12:**44
In-line skating
Injuries from, **6:**37
Lightning injuries
Evaluation and treatment of, **10:**48
Low back pain
In children and adolescents, **6:**62
Strategies for, **11:38**
Near-drowning
In children, in bathtub, as indication of child abuse, **10:**43
Postconcussion syndrome
Atypical, need for computed tomography in, **2:**97
Spine
Cervical, proper immobilization of, **2:**120
Sprain
Hyperflexion, x-ray diagnosis of, **10:**85
Wrist injuries
Diagnosis and management of, **6:**42; **8:**11 (correction)

UROLOGY
Renal failure
Acute, risk of in exercise-induced rhabdomyolysis, **1:**31
Renovascular hypertension
Diagnosis and management of, **3:**49

VASCULAR DISORDERS
Deep vein thrombosis
Bedside test for, **11:**37
Vascular surgery
Catheter tip misplaced prior to, **6:**83
Vasculitis
Diagnosis and management of, **2:**22

Tricks of the Trade®

Abdomen
Palpating in ticklish patient, **4:**54; **11:**64
Abscess
Lessening odor during drainage of, **9:**68
Abscess, paronychial
Draining, **9:**68
Acromioclavicular joint
Assessing integrity of, **8:**46
Anesthesia
Prolonging, **6:**63
Arm veins
Engorging, **7:**75
Arrhythmias
Ppatient identification of, **6:**63
Arthritis, rheumatoid
Temporary relief from, **4:**54
Blood pressure
Obtaining in obese patient, **9:**68
Recording, **1:**67
Carpal tunnel syndrome
Demonstrating, **5:**73
Cast removal
Protecting patient during, **12:**30
Central venous pressure
Estimating, **12:**30
Cerumen
Softening, **11:**64
Chest pain, noncardiac
Alleviating, **11:**64
Chronic obstructive pulmonary disease
Reducing exacerbation of, **1:**67
Clavicle stimulus, noxious
Applying, **9:**68
Corneal abrasion
Confirming diagnosis of in infants, **6:**63
Dislocation
Repositioning toe, **3:**64
Diuretic therapy
Regulating furosemide in, **8:**46
Drinking straws
Use of by elderly patients, **10:**47
Dyshidrosis
Relieving, **8:**46
Dysrhythmia
Stopping supraventricular tachycardia, **3:**64
Ear
Calming child during examination of, **8:**46
Removing bug from, **6:**63
Rretrieving cotton from, **8:**46
Electrocautery
Avoidance of cold ethyl chloride during, **6:**63
Endotracheal intubation
Facilitating in neonates and infants, **3:**64
Esophagus
Disimpaction of food from, **1:**67; **8:**11 (letter)
Eye drops
Administering to noncompliant patient, **7:**75
Eye injury
Checking visual acuity after, **9:**68
Eye, swollen
Examining, **11:**64
Fecal disimpaction
Easing, **5:**73
Fingers, denervated
Detecting, **7:**75
Foreign bodies
Calming child during removal of, **3:**64
Identifying emesis caused by, **5:**73
Locating under eyelid, **6:**63
Removing from digits or interdigital spaces, **10:**47
Removing from eye, **9:**68
Removing from nasal passage, **5:**73
Fundoscopy
Facilitating, **10:**47
Gag reflex
Averting, **9:**68
Gamekeeper's thumb
Splinting, **12:**30
GI 'cocktail'
Administering, **9:**68
Hand
Immobilizing, **7:**75
Headache, tension
Alleviating, **8:**46
Hematoma, subungual
Draining, **5:**73; **6:**63; **9:**68
Hemorrhoids
Rreducing, **3:**64
Ice packs
Home use of, **10:**47
Use of, **12:**30
Injury, facial
Reassuring patients with, **6:**63
Injury, needle-stick
Avoiding during wound repair, **6:**63
Kidney stones
Relieving pain from, **7:**75
Lacerations
Anesthetizing in children, **10:**47
Calming child with, **3:**64
Tongue, suturing for, **11:**64
Lacerations, scalp
Repairing, **8:**46; **9:**68
Lesion, scalp
Removing, **9:**68
Lumbar puncture
Immobilizing uncooperative patient for, **11:**64
Reducing red blood cells in CSF during, **5:**73
Medication
Administering to struggling infant, **3:**64
Medication schedule
Patient compliance with, **6:**63

Neck pain
Nocturnal neck support, **7:**75
Nosebleed
Stopping, **4:**54
Obesity
Weighing obese patient, **11:**64
Oxygen administration
Identifying an obstructed canula, **3:**64
Pediatrics
Lessening distraction of crying child, **5:**73
Pelvic examination
Warming speculum for, **3:**64
Radiographs
Reading, **10:**47; **11:**64
Ring removal
Trick for, **5:**73
Salivary ducts
Removing calculi from, **9:**68
Skier's thumb
Casting, **7:**75
Skin tags
Removing, **10:**47
Speculum, nasal
Repairing broken spring in, **4:**54
Subphrenic abscess
Detecting, **4:**54
Supraventricular tachycardia
Converting with adenosine, **3:**64
Stopping at home, **3:**64
Sutures
Removing from digits or interdigital spaces, **10:**47
Teaching
Demonstrating difficult concepts (1 and 2), **10:**47
Tongue lacerations
Suturing, **11:**64
Tubes
Passing second tube, **10:**47
Urethrogram, retrograde
Enhancing, **7:**75
Venipuncture
Facilitating, **12:**30
Visual acuity
Measuring, **6:**63
Weight
Estimating, **1:**67
Wounds
Bandaging, **3:**64
Closing, **4:**54
Decreasing pain during repair of, **5:**73
More-antiseptic repair of, **5:**73
Repair of in elderly, **5:**73
